# THE VISION

*Our earnest hope is to realize and absorb the brighter rays that Education provides. The scholars will be enlightened and the meaning of education itself be expressed by it's vivid revelation through the students*

## Aim & Objectives

To develop academic knowledge and skills along with essential ingredients of entrepreneurial attitude and orientation.

To create related opportunities and activities for generating innovation and excellence

We believe that a child is like a plant that needs proper nurturing to enhance spontaneous and well rounded growth

We believe that no matter what the background of a child may be students have tremendous potential that needs to be unearthed and brought to the forefront

To provide sound and all round education through the medium of English

Our aim is to produce a responsible global citizen whose potential we have unleashed and who has a strong foundation of knowledge, skills and values essential to face the challenges of the modern world.

## Our Priority

1. We believe in the dignity and the worth of each student and recognize the importance of their responsibilities to fellow-men in the world community
2. Education should be encouraged in the students to develop personal value thinking process which will facilitate their intelligent adaptability to the changing society
3. Each student must develop:
  - The ability to think clearly, logically and independently
  - Understanding and appreciation of Cultural, Scientific Economics, Political, ideas and practices
  - Appreciate ethical and cultural values
  - Good health and physical fitness enabling the students to be lively and energetic

### **Pollution Free clean environment**

The School site is within the main city campus connected with the road and the other communication channels but the location is absolutely free from the problem of pollution and hustle and bustle of the city life. The clean environ will be congenial for academic atmosphere and it will have the ambiance of a modern Gurukul.

The city has taken care of constituting a board of management with the progressive minded people having the perception of a good school with the rich experience in administration, school management and public life. Prominent people from the field of education, administration and other walks of life have lent their support in farming the society

### **Quality Education with Project**

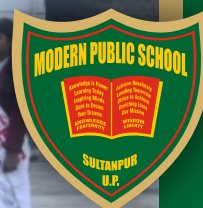

Emphasis shall be given on the quality education. The meaning of quality education is very wide and comprehensive, it requires rich curriculum, modern and scientific evaluation system, quality teaching with the support of competent teachers, environment for innovation and experiment facilities of the proper infrastructure, good laboratories, Library, workshop, Physical education, creative activities etc. The management is very carefully planing the entire blueprint and the management shall make sincere endeavor to implement all these plans into action to make it truly progressive school, second to none in the region.

### **Career Counselling**

In the modern world where the country is going towards globalization and various employment opportunities are being opened up, a student without proper counseling from the professional career counselor may get confused and he/she can not take a right decision about his/her future career, sometimes the parental pressure is also responsible, bringing stress and pressure on the children. Our school shall make the prevision of career counseling through trained and experienced people.

### **Infrastructure**

In the modern world, a good institution requires infrastructure which includes Classrooms. Library, Laboratories, Workshop, Art, Dance, Music and other creative activities. indoor and outdoor games.
